

Directions to Laboratory for Social and Neural Systems Research (SNS Lab)

Address

SNS Lab/MR Center
University Hospital Zurich
Rämistrasse 100
8091 Zurich

Arrival by tram

From the Zurich main train station, take **Tram 10** (direction: Oerlikon/Flughafen) or **Tram 6** (direction: Zoo) to the ETH/UniversitätsSpital tram stop. From Bellevue, take **Tram 9** (direction: Hirzenbach) to the ETH/UniversitätsSpital tram stop.

The University Hospital Zurich is clearly visible from the tram stop (*see map overleaf*).

The main entrance of the University Hospital Zurich is opposite the main entrance of the ETH. There is a golden statue in front of the hospital (*see photo on left*).

Enter the hospital at the main entrance (*see photo on right*). Walk down the corridor to the very back (*see map overleaf*) and take one of the three purple-colored elevators (which you will see on your right) two floors down to Floor V. The location of the SNS Lab and the MR Center are clearly marked in the elevator.

Following the signs to the SNS Lab, turn right twice until you reach the entrance of the MR Center at the end of a corridor that leads slightly downwards.

Using the phone available there, dial the internal number (**546 82**) to announce your arrival.

Arriving by car

As soon as you arrive in the city of Zurich, the route to the University Hospital is well marked.

Since the number of parking spaces at the University Hospital is very limited, we recommend that you use public transportation. However, if you do arrive by car, paid parking is available (*see overleaf*).
